Assessor Comments	A/c Cravensville Estate P/L offer 60 Angus and Black Baldy steers, 12 - 14 months old with a weight range off 324kg to 447 kg to average 388kg at assessment. Vendor has used Jarabee Angus Bulls for the last 8 years, with predominately there herd now being Jarabee bloodlines. Of recent there has been some Leawood Angus Bulls used given Leawood is nearly next door. The Black Baldy's would be by the Wirruna and Warick Court Hereford Bulls. There is quite a few broken faced Baldy's in this lot. These steers are in forward store condition and currently doing really well on long spring feed. Loosing their winter coats cleaning up nicely with the warmer weather. These steers are ideal to take on as feeders or grow out and target those grass fed programs. Please Note = A few steers have an old pink eye scar. One Baldy steer was De Horned/ Tipped on 3/9 and received 8 mm of Tri solfen pain relief.
