Assessor Comments	**Quality Young Angus Females** Opportunity to purchase HBR & APR future Angus Breeders, Aug/Sept 2025 drop. Exceptional data on these females for the succesful purchaser to take on, See Documents for full Ebvs. Heifers had a tight season over the summer and autumn with heifers getting some ring worm but they are really pulling away now and cleaning up in the coat King Isle Farms operates as a Co Operator herd for Lawsons Angus hence females are registerable for the purchaser. They are very consistent for type and display excellent shape and muscle for females. They are classed in breeders only being sold due to final stage of dispersal of the mainland herd. Note: See video
