Assessor Comments	A quality line of 74 Angus heifers displaying renowned Te Mania bloodlines. Feb/March 2025 drop. Heifers averaged 430kg at assessment and have been preg-tested empty, presenting in forward store condition with plenty of frame and weight to continue on with. These heifers were purchased through AuctionsPlus in December 2025 from the highly regarded "BOOBEROI" operation at Condobolin as weaners. An excellent opportunity to secure a well-bred line of Angus heifers with the versatility to continue forward for a feeder program or alternatively join to the bull. Heifers of this weight, age and breeding should continue to perform given the right conditions. Purchase with confidence.
