Assessor Comments	On offer is a tidy line of number 6 XB heifers. Set up and ready to go, these Heifers display a soft Euro/British infusion throughout the entire line. Heifers are responding to feed and moving forward nicely. They display good frame and shape for their age. Out of quality XB cows, predominately Brangus, Droughty x and Braford cows. Heifers were easy to handle through the facilities. There are plenty of options with these calves, they will produce high end feeders or retain in your herd. Heifers were pretreated with Bomectin 26.10.26. Vendor guarantees clear of the dip.
