Assessor Comments	Buyers a great opportunity to secure a good 3 deck line of vendor bred ,milk tooth trade weight heifers. Heifers are out of medium to large framed crossbred cows sired by high priced Gidyea Ultra black, Fairview Black Simmental and Glenlands Droughtmaster bulls. Ideally suited to the Domestic Trade feeder market as they are drafted into an 310-390 kg weight spec , heifers are bunk trained as they have been supplemented with cottonseed through a very dry winter period ,all still eligible for pasture fed slaughter markets as no grain or antibiotics,alternatively they mostly have the bone ,frame ,softness and all the feminine characteristics to suit most breeder herds. Vendor has 3 decks of lighter sisters in the sale
