Assessor Comments: Backgrounders: Here is an excellent opportunity to purchase a good line of vendor bred Charolais/Santa cross heifers. They have been fully weaned in July & supplemented with cotton seed. Heifers present in store condition with weights ranging from 174kgs - 320kgs to avg 240.5kgs. Vendor has put plenty of effort into selecting quality sires with the right genetics. Given the right opportunity, these heifers could easily be future breeders or be grown out to heavier feeder/kill weights. There are compensatory gains to be had with these heifers, so don't miss out.
