	Steers were good to handle in very small set of cattle yards during the assessment process. 2 steers became unsettle in crush while being weighed. Steers are very well handled in the paddock with dogs, bikes and horses.
Handled With	Bikes , Dogs , Horses
Assessor Comments	A line of 14 good quality vendor bred charolais cross steers presenting in forward store condition that have an estimated average delivery weight of 295.4kg. Buyers a good opportunity to purchase a small line of steers that show plenty of shape and type and would be ideal to background for the feedlot market or to fatten as bullocks on grain as these steers have been taught to eat.
