	Steers were very good to handle in a good set of yards. Only the very odd steer did resent being in the crush. Very quiet to move around out in the bigger yards.

Assessor Comments	Buyers, a load of Paspaley steers that have a very good reputation and present in mainly forward store condition. They have been on an oats crop since weaning and look to be on the "do". Steers will suit backgrounders to take to heavier domestic or export feedlot entry weight specifications. These were all individually weighed at assessment but the weights have been entered using the group assessment option. Buyers be aware there are two lots offered from this vendor with delivery at two separate sets of yards.
