Assessor Comments	Presenting an attractive line of Angus and black baldy steers showing excellent weight for their age. These SDK cattle have not had a tough day in their lives with ample high quality feed always available to them as shown in their forward to prime condition. They are very quiet and were a pleasure to handle in the yards. Steers with plenty of length and bone that have the hybrid vigour to keep on growing in to their big frames. They are grass fed accredited and would suit many programs. Please note 45 of their sisters same description are also being offered in the same sale.
