	Very quiet baby bullocks! Exceptional to handle through all aspects of assessment. Very quiet in the yards/force & crush. All stood quietly in the crush and all exited at a walk. Cattle that could be handled by a stock-person of any experience and are an absolute credit to the vendor.		
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	Cracking line of yearling steers with a huge amount of presence & an excellent back on them. Steers that have been very well started & never seen it tough - taking big steps forward every day. Long, deep, soft skinned steers that carry their weight with ease and will be very high yielding bodies once finished. A really magnificent line of steers with the best, still yet to come, with the majority of these boys having not dropped their Winter coat, they will surely be unrecognisable in another few weeks. Exceptionally quiet, ideal baby bullocks for a buyers wanting to replace some exports with a line of top class steers whilst skipping the weaner stage.
