Assessor Comments	114 Angus steers, this been a run out the gate from a line of 456. All weighed and selected from 270 kg to 320 kg. Purchaser has the ability in buying straight lines of steers showing good bone, frame and stretch. These steers are very even line. They are a run of handy Angus steers showing improvement daily now on a green pick. Ideal to background/turn out to a paddock or feed lot to heavy weights. The Watervalley cattle are well known for their doing ability and will perform well for those buyers looking for improver cattle to add value to their purchases. Vendor has other lines in this sale to help make up truck loads. This run of steers are improving daily and most have lost their winter coat but several are still losing it. These steers present in fresh forward condition. Highly recommend these cattle.
