Assessor Comments	Very neat line of Steers with good growth for age, showing good frame and length through the body. A pleasure to handle through the yards just good quiet cattle. Been on quality feed all the way through and since weaning they have just kept growing. 5 head have a quarter Santa in them which shows in the video, they have good muscle and shape. Please note 3 steers have some scaring of pink eye but is not affecting their performance or vision. Vendor also has a line of Quality heifers in this same sale.
