Comment on Fat Score 1 Cattle	All steers are in strong store condition and deemed fit to travel any distances required.
Vendor Bred	Yes
Stock History	Bred out of an original herd of Hereford and Hereford cross cows that have been crossed with Droughtmaster, Charolais, Hereford, Simmental, Black Simmental and Santa bulls and progeny by the same breeds. Odd Brangus cow in herd.
Lifetime Traceable	100% of cattle in this lot are Lifetime Traceable
Breeding Comments	Bulls ex: Charolais (Tanic, Elridge & Clare), Simmental (Woonnallee), Santa (Cardona), Black Simm. (Bonnydale), Hereford (Jarrah).
Grazing Conditions	Bred on light Ironbark forest country grazing native grasses, some improved Buffel and Seca Stylo. The season has been very dry here up until October where approx. 60mm fell in numerous falls that has provided a very short green pick.

	Returned to: Will remain in the yards on hay.
Burr/Seed in Coat	No Burr or Seed of weeds declared noxious observed in the coats at assessment
HGP Status	The owner declares that the cattle have not been treated with HGP at any period of their lives
WHP/ESI	Cattle are within a Withholding Period or Export Slaughter Interval for: Bomectin Injectable as of 30/10/2026 for 42 days

Health Treatments

Drenched	15/07/2026	Cydectin LA (branding)	
Vaccinated	15/07/2026	5 in 1 (branding)	First Dose
Other Treatment	30/10/2026	Bomectin Injectable	

Chemical Residue	Clear - No known history.
Vendor Comments	Vendor regularly competes in hoof and hook competitions and have in the past had success in the Dawson Valley Carcass Competition winning champion ribbons amongst large numbers involved.

Temperament

Yards	Crush	Paddock
Quiet: 110 head Slightly Stirry: 7 head	Quiet: 114 head Slightly Stirry: 3 head	Temperament not assessed in Paddock

Steers were very good to handle in all areas of the yards and also considered quiet when moving from yard to yard and in the crush they were quiet. Generally, the temperament is not an issue at all. Buyers should be warned however, most cattle need to be settled down on arrival after a truck trip and in strange surroundings before they are shown the bush gate. Vendors always present their cattle in an excellent quiet manner.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses

Notable Traits

	Traits
1 Head	Small blue spot in one eye

Assessor Comments	Buyers, great quality weaned steers best described as "flatback" Composites that are GUARANTEED CLEAR OF TICKS. These have been bred in light forest type country so anticipate plenty of supplementary weight gain on better quality heavy developed scrub soil country. Present in store condition from the prolonged dry spell and gone through the weaning process without a hitch; there is not a "peep" out of them so I would suggest most of these were self-weaned prior. Don't expect little soft "butter balls" that will melt before your eyes. Whilst the steers are plain in condition they don't look to have had a setback that will prevent them from reaching their full potential from a growth perspective. Vendor doing an excellent job breeding flatback type cattle to suit the domestic supermarket trade and we are now finding repeat buyers operating on these cattle regularly. Producers with a backgrounding operation are advised to purchase these and see how they perform, guarantee you'll be back for more. The cattle market is flying at present on the back of early spring rainfall over a vast area so don't miss out on this opportunity to purchase lightweight steers to put away. Note, these should fit on a B-Double comfortably. There is a 2-deck line of heifers being offered also from this property. If a buyer was to buy both lots, I wouldn't be jamming them on a 4½ deck unit, they will be too tight.
Assessor	**Bob Jakins (Level 1 Accredited)** Phone: 0419 788 366
Delivery Period	06/11/2026 to 09/11/2026 (4 days)
Delivery Point	"Glandore" yards located 60kms S/W of Biloela, 73kms N/E of Theodore or 93kms west of Monto. BILOELA QLD 4715 Lat: -24.8577598880032 / Lng: 150.466239196346
