Very good to handle and well educated through the yards, race and crush. The odd steer fidgeted whilst contained for weighing or tried to push into the crush more so than the vendor bred steers yet settled well when returned to the mob.

Handled With	Bikes , Dogs , On foot , Vehicles
Assessor Comments	Good Droughtmaster, D/M cross, Santa & Santa cross steers - non vendor bred. HGP free. Very good stretch, bone and in strong fresh forward condition. The Droughtmaster steers are very well bred and softer flatbacks - good types , all other crosses are described as flatback and good feeder steers with good frame. No excess condition. The 22 heavier end mouthed - 20 milk & 2 x 2 tooth.
