Assessor Comments	Buyers a very good even line of 102 USDA/NOP Organic certified & never ever certified Angus feeder steers that are showing great weight for age and reaping the rewards of a great season. Steers present as good medium to large frame for age & weigh from 433 to 540kg at assessment with a full curfew. This line of angus steers were 100% weighed and mouthed at assessment with 31 x 2 tooths found the balance all milk teeth. At assessment 4 x head were seen with some old blue eye scarring & 2 x head with a splash of white on under belly behind pizzle. Buyers this a great run of Angus steers that will perform very well on crop, grass or grain.
