Assessor Comments	Buyers presenting a VGQ line of Vendor bred no6 ,milk tooth Angus /Santa cross heifers.Heifers are out of large framed Santa and Angus cows by high priced Angus and Santa sires .Early weaned in April due to drought and grazed on dry feed with pellets during winter and now on full starter ration since October 1st. These are the lead of Vendors draft with no heifers retained , they present in forward store condition but have the frame and breeding to achievie great weight gains moving forward in a 100 day programme. Alternatively for the breeder these heifers show softness bone and depth of breeding to be an asset to most breeder herds, the Beechwood cattle have a great reputation for performance on grass or grain and are highly sought after by repeat buyers.Please note 3 heifers have old blight scarring in one eye not considered detrimental. Vendor has 3 lots this sale.
