Temperament

|---|---|---|
| Quiet: 24 head<br>Slightly Stirry: 2 head | Quiet: 15 head<br>Slightly Stirry: 11 head | Temperament not assessed in Paddock |

Of the slightly stirry heifers in the crush & race the majority walked away once released the others settled once in the mob. Heifers were preg tested the morning of the assessment which could be a contributor to the number of slighty stirry heifers in the crush.

| Assessor Comments | These PTE Charolais x heifers are ideal for a trade feeder market or grown out to heavier weights. The heifers would also suit a breeder looking for replacement breeders & are by high priced Ascot Charolais bulls. Lyndley cattle have a good reputation for performing on feed & are regular winners at the Elders Feeder & Store sale. The 2 Charolais / Brahman x heifers showed minimal crest. There is 2 weaning groups in this lot 20/4/26 & 18/6/26. Vendor has another 115 Angus x heifers same sale. |
