Temperament

Quiet: 12 head Slightly Stirry: 3 head Stirry: 1 head	Quiet: 12 head Slightly Stirry: 3 head Stirry: 1 head	Temperament not assessed in Paddock

Steers were generally good to handle for fresh weaners. Ive noted 3 as slightly stirry & 1 as stirry only due to being quicker and less settled than their brothers. More education is recommended. Steers settled down well when put back in the mob.

Assessor Comments	On offer buyers a line of quality steers that present in store condition. These steers are by sired by bulls from reputable studs including Dunlop, Cooinda, Barambah-dale & Charnelle. Steers offer plenty of frame and I suggest there will be compensatory weight gains to be had after the prolonged dry weather they have been through. Please see photos and video for your satisfaction.
