Heifers were already drafted off for the assessment process on arrival. Heifers walked well to crush and weighing set-up. They walked through no problems and stood well while weighing and slowly walked off to the rest of the draft. Cannot see any problems with these Heifers

Handled With	Bikes , On foot , Vehicles
Assessor Comments	Heifers of this weight and growth for age would ideally be suitable for the local trade market, they would finish off well with some extra feed. Plenty of frame and bone on these heifers and that nice Santa Charolais cross gives some softness and style. If you are looking for a nice line of heifers to keep for replacement breeders you can't not look at these Heifers. Plenty of length, and good growth for age. Front Paddock heifers. This vendor has a draft of 37 Steers in this sale.
