| Assessor Comments | 78 top quality vendor bred Angus heifers. Heifers were preg tested empty at assessment (certificate available) and would suit the feedlot or going back to the paddock to be joined to the bull of your choice. Sired by Pasadena Angus and Wiatara Angus bulls these heifers are up to date on their vaccinations and coming off a good winter season north east of Coonamble. An exceptional line of easy handling heifers, please note approx 3 head have slight blue eye deemed not detrimental. |
