Assessor Comments	On offer is an outstanding line of 115 one-mark EU Angus heifers. Heifers are 7–8.5-month-old and in fresh sappy condition. The heifers were weaned off the cows at assessment and are being yard weaned for 7 days. During this process they will be routinely run through the race and crush for education and have unlimited access to quality vetch hay. These heifers come out of the established 3WG herd with Te Mania and Rennylea bloodlines running through them. No heifers have been retained with only a handful of lighter calves removed from the assessment. A great opportunity to purchase a quality line of EU heifers.
