Assessor Comments: A line of Angus x Angus/Hereford heifers weighing from 320 - 420 kg to average 366 kg at assessment. Purchased as light weaners from the upper hunter and treated with Cydectin in March, these heifers have been running on a property without bulls since purchase. Heifers have excellent temperament and were a pleasure to process. Buyers, an opportunity here to purchase heifers to either background and feed on or join to a bull of choice. Buy with confidence.
