Assessor Comments	On offer is a quality group of 65 x NSM Angus Heifers. Aug/ Sep 2025 Drop, the heifers are in forward condition and are in excellent shape to join immediately or to feed on to feedlot or processor weights. By Narrangullen and Rennylea Sires, the heifers present well and are starting to clean up in the coat as the season begins to warm. A great opportunity to purchase a run of heifers to take advantage of the season and strengthening cattle market. Narrangullen focus on breeding cattle that perform under commercial conditions. Fertility, growth and carcase merit are at the forefront of breeding decisions with an emphasis on IMF. Highly recommended heifers.
