Heifers handled very well & were a pleasure to assess, the odd heifer did move back & forth whist being weighed but exited the crush at a walking pace. All heifers were very well behaved whilst taking videos & photos.

Assessor Comments: A neat B-double of PTE Angus Feeder heifers Ex Armidale, Since arriving these heifers have been given every opportunity to thrive, being placed on good quality feed & grown out exceptionally well with responding to a kind winter & great spring. Displaying good growth, softness & plenty of future potential these heifers represent an excellent opportunity for buyers looking to secure good lines of young females. Suiting a range of production systems they would be ideal to continue on grass or grain & taken out to heavier kill weights.
