Assessor Comments	Buyers 64 very good quality PTE Angus X & Droughtmaster feeder heifers that present in good strong forward store condition. Heifers were all PTE or undetectable by vet at assessment so are ready to go straight onto feed. At assessment 45 heifers were mouthed with 20 presenting with 2 teeth and the balance all milk teeth. Buyers please not the big curfew given to heifers prior to weigh so expect good compensatory gain once settled down on good feed.
