Assessor Comments	Buyers 112 very good quality PCAS eligible weaned Angus & Droughtmaster X steers. These weaner steers have all the right bloodlines and genetics and are best described as large frame relative to age. Weaners have been weaned for up to 3 weeks at delivery and are well educated by vendor through yards. A reputable line of cattle for sale that will be ideal to put away on grass or crop and grow out to heavier weights. Steers have a good performance record and will suit to grow out as heavy feeders or bullocks showing plenty of bone, length and confirmation.
