These Heifers were a pleasure to handle in the yards & through the crush. Flowing well through the race up onto the scales with very little fuss. The stirry & slightly stirry Heifers in the crush were from being asked to stand in the crush for too long. Once out in the yards they calmed down very quickly lovely to walk though when taking photos & videos.

These heifers are from a fertile cow herd herd in the Alpha area. These heifers are surplus to requirement of the Eureka herd. Ideal heifers to put on grain or to finish on pasture or to class up and retain the lead as future breeders. The 3 heifers with slight twists in their nose is only very slight.
