Assessor Comments	A mixed breed of heifers all displaying plenty of length and leg. Heifers like these would be ideally ready to go onto a feed set up to finish off for Local trade markets or take on to heaver weights. These heifers if you'd like also could be joined and paddocked for replacement breeders. These heifers have had 2 treatments prior to this Auction and will be inspected clean prior to delivery by an accredited Inspector and have another backline treatment. These heifers have been bred in the ticks and lantana country so going to clean country will definitely take off. Well grown heifers, quiet and easy to handle. 1 x Brindle heifer has been dehorned as per photos.This vendor also has 2 other lots of Heifers in this Auction.
