Assessor Comments	Quality Weaned Droughtmaster Cross Heifers, only a small mob but ideal for someone to take on and grow out, would make nice future breeders. These heifers will have had 2 prior treatments before Auction Day and will be Inspected clean by a accredited Inspector prior to delivery and a backline treatment also. These heifers were purchased from a coastal cattle sale and have been bred in the ticks and Lantana country; these heifers have had a great start and will continue to grow and impress. Ideal heifers to background now that we have some green grass and watch these heifers grow. This Vendor also has 2 other lots of weaner Heifers in this Auction
