Quiet: 150 head Slightly Stirry: 4 head	Quiet: 148 head Slightly Stirry: 6 head	Quiet: 154 head

Steers were good to handle in the yards, they worked well through the yards and crush. There were no signs of aggression from any of the steers although the odd one stirred up when put under pressure or was separated from his mates. Steers were good to handle and inspect in the paddock prior to assessment in the yards.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Vehicles
Assessor Comments	A good line of large & medium framed vendor bred brahman backgrounder steers. Steers have been bred in light desert upland spinifex country with some areas of pulled improved country, so expect to see very good weight gains from these steers on better feed. Noticed at assessment 2 Micks and some minor fly bite on several steers. A sample of 31 steers over 350 kg at assessment were mouthed with nothing over 2T and the majority 0T. Steers will suit feedlot backgrounders or grass fatteners, we have received positive feedback from previous buyers in the Charleville and Moura districts who were pleased with there results. PLEASE NOTE: Vendor has another line of 68, 265 kg Brahman backgrounder steers available in this weeks sale.
