Assessor Comments A neat line of one brand Santa x Hereford heifers presenting as genuine future breeders. Purchased ex Northern Rivers with the intention of retaining as replacement females, these heifers are now offered for sale due to a change in the vendor's circumstances. To the best of the vendor's knowledge, the heifers have had no exposure to bulls. Heifers were quick when placed under pressure during assessment but settled once pressure was released. One heifer was treated for a weeping eye at assessment, which is not considered detrimental to her future performance. Please also note, that there were four straight red heifers. One heifer noted to have scarring on her back offside leg (photo attached in assessment).
