Assessor Comments	Buyers, a very nice line of Angus Heifers sired by Landfall Angus bulls. Heifers weighed 333-470kg to average 385kg full at assessment. Heifers present an ideal article to take home and join to the bull of your choice or background to hit the Angus feeder market. These cattle are the tops of drops with a tail removed. Please note 8 heifers noted with slight naval (see Media attached). For Further information please call.
