Assessor Comments	Exceptional opportunity to secure a quality line of 87 steers, sired by leading Angus AI sires and a selection of top-performing sires from renowned Angus studs. These steers are well bred with performance and temperament in mind and are normally retained and grown on to feeder weights. They rarely come onto the market at these lighter weights presenting a genuine chance for backgrounders to buy proven Angus steers with plenty of framework and compensatory weight gain to be had. The hard work has been done with these steers. They have been weaned and tailed out, drenched and vaccinated so just need to put them out in a paddock and watch them grow.
