Assessor Comments	Charolais cross Angus heifers. These heifers have not has access to a bull. Vendor bred by a large framed Charolais bull over decent medium framed Angus cows. They are displaying great weight for age and have benefitted from the great season they have had at Cootamundra and averaging 400kg at assessment. They are starting to lay fat cover but are not over done. A neat line that will suit someone looking to value add some grass. Vendor is offering Angus steers and heifers in today's sale also.
