Assessor Comments	Offering an opportunity to secure very well-bred fresh calves. Purchased as units from Southeast SA July/August born calves on quite easy doing large to medium-framed Angus cows. These calves have gone ahead and are still offered on mum to be weaned at delivery. This neat line of heifers provides an opportunity to secure low-dollar quality females that will excel as feeders or breeders. Calves are young and fresh but show significant maturity to be weaned and go forward.
