cattle are very good to handle in the paddocks, they did become unsettled in the yards whilst handling and weighing, however, they were very quick to settle once left alone in their mob

Assessor Comments	This is a very even line of vendor bred EU accredited angus heifers. they are progeny of the Dunnett Rural Angus cow herd and were sired by selected sires from leading Angus studs. these heifers are 14-15 months of age and were weaned in April 26. They present in strong store condition and would suit either the future breeder or feeder market. these heifers are great to handle in the paddock, however, they did become unsettled whilst handling in the yards. they were not at all aggesive, however, very free flowing through the yards.
