Assessor Comments	A very good line of Merino wether lambs, weighed 40Kg and above at assessment. These lambs are sired by Kambah Poll Merino rams that were selected for growth, IMF and wool cutting capabilities. These plain bodied merino lambs are really starting to do. Trained to the feed cart these lambs have been trailfed barley and been running on a favourable oat crop. Complete drop above 40kg is on offer. Plenty of time to lock up and finish off in the spring. Sale due to high lambing number of ewes.
