| Assessor Comments            | Quality offering of ewe lambs from a renowned flock with rams sourced exclusively from the top end of the Blythe Merino program. These ewes represent the second classing of the maiden ewe lambs with a tail already removed and are running on "Bongongo" Adjungbilly with lambs bred on vendors Tarcutta property as well. Ewe lambs that present in fresh forward condition, are generally plain bodied with plenty of length and ready to expose to the rams at any time. Out of principally large framed ewes with an adult flock average of 18 micron, these ewe lambs have all the potential to develop in to high end breeders. Note any dirty lambs will be bung holed prior to delivery. Lambs are February shorn and averaged over 2 inches of generally bright well crimped stylish fleeces (see photos). |            |                                         |
