Assessor Comments	A very good run of store whether lambs offered as a 6-deck line of 912 head. These lambs are vendor bred by Tattykeel rams out of a quality breeding line of ewes. They have been mustered, drafted and weaned throughout the past week and on assessment flowed very well through the drafting race and mouthing race before the scales. These lambs present as an even line with only a few bigger lambs throughout. Please note the vendor is also offering another run of 4 decks of 626 head in this same sale. With both lines being March - May drop allowing sufficient time to finish on grain or oats crop.
