Assessor Comments	A very good run of store mixed sex lambs offered as a 4-deck line of 626head. 89% of the lambs are wethers with 11% of ewes being used to top up for trucking numbers. These lambs are a mix of vendor bred by Tattykeel rams out of a quality breeding line of ewes and also White Dorper ewes that were purchased and joined to the Tattykeel Rams on Manfred. They have been mustered, drafted and weaned throughout the past week and on assessment flowed very well through the drafting race and mouthing race before leading onto the scales. Please note the vendor is also offering another run of 6 decks - 926 head in this same sale. With both lines being March - May drop allowing sufficient time to finish on grain or oats crop.
