Assessor Comments	The second draft of a very good quality run of March/April drop lambs. These lambs have been weaned for 6 weeks now and have been trained onto feeders. They will explode out of the wool and warmer climate and hit the lucrative trade/export markets. Please note there is approx 3% showing some signs of scabby mouth, if deemed detrimental to sale they will be taken out on delivery. Also the Top draft of lambs are in the same sale, a great opportunity to put a b-double of excellent quality one mark lambs together. Please note a tail was removed out of this draft aswell.
