Assessor Comments	A very good line of Merino wether lambs, weighed 39.5 and below at assessment. These lambs are sired by Kambah Poll Merino rams that were selected for growth, IMF and wool cutting capabilities. These plain bodied merino lambs are really starting to do. Trained to the feed cart these lambs have been trail fed barley and been running on a favourable oat crop. Complete drop with tail removed. Plenty of time to lock up and finish off in the spring, Sale due to high lambing number of ewes.
