Assessor Comments	A neat top up load or body truck of perfect turn out lambs. Lambs under 32 kilograms with a 12.5% tail removed . The lambert lambs have a history supported through consistent genetics of growing out to heavy carcase weights, regularly averaging in excess of 28kg carcase. Weaned well and set up health-wise, fed grain before weaning, these lambs are ready to turn out and capitalise on available feed before finishing on either grass or grain
