Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.
Assessor Comments	Complete drop from an early lambing mob of ewes. These lambs were 100% weighed and were 28kg+ at assessment. Excellent line of fresh lambs that have been weaned and moving along nicely. Bred from large frame merino ewes and quality Gumview/Willochra White Suffolk rams. Lambs are normally retained to be grown into heavy weights but with a favourable lambing this year, they are being moved on to make way for more numbers coming through the program.
