| Assessor Comments            | Complete drop from an early lambing mob of ewes. These lambs were 100% weighed and were 28kg+ at assessment. Excellent line of fresh lambs that have been weaned and moving along nicely. Bred from large frame merino ewes and quality Gumview/Willochra White Suffolk rams. Lambs are normally retained to be grown into heavy weights but with a favourable lambing this year, they are being moved on to make way for more numbers coming through the program. |
