Assessor Comments	Offering 850 Australian White/White Dorper Cross wether lambs. The lambs were 33.4kg live at assessment after a 24hr curfew. These lambs were all born over a 6 week period in late March through April. The lambs are sired by quality Bellevue White Doper and Sans Souci Australian White rams and were weaned the day prior to assessment. These lambs show good length and should grow out into heavy kill weights given they are only 3 to 4 months old. Don't miss this opportunity to purchase the lead 6 deck line of one mark wether lambs that have plenty of time to turn into heavy lambs.
