|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Assessor Comments | Fresh forward poll merino sucker lambs, recently weaned and going ahead. These lambs are in good condition and have a nice rebate on their backs, un-mulesed and have had no vaccinations. Vendor will keyhole crutch any dirty lambs prior to delivery, ideal lambs to feed on and finish in a feedlot. Bottom end lambs removed from consignment |
