Vendor Comments	The most even line of Ultra white lambs produced by us to date. A four week lambing period and very good seasonal conditions has given them a great start to life
Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.
Notable Traits	Traits 30 Head The odd lamb has a black head or body reference the photos and videos
Assessor Comments	A very good line of mixed sex ultra white weaned sucker lambs. These lambs have been weaned onto pellets and are still going forward without missing a beat in the weaning process. ideal to go back on grass or keep on pellets. High quality ewe lambs are in this line that you could also retain for future breeders. With all the hard work been done and high quality breeding there are multiple options available going forward.
