Assessor Comments	239 vendor bred White Dorper & Dorper cross lambs presenting in strong store to forward store condition that had a LWT range at assessment 24-35.5kg full to average 30.8kg after a -5% curfew. 100% of the lambs were weighed through a clipex handler to split into 2 mobs on weight. Lambs would usually be retained and taken to a trade or export lamb on pasture but due to the dry conditions they are being sold as store lambs. Buyers an opportunity to purchase a run of well bred Feb/March drop lambs that would be perfect to fatten on pasture or grain. A large % of the ewe portion could also be retained as breeders. Please note; This vendor has another lot in same sale. 945 lambs over 2 lots.
