Assessor Comments	A very good line of account breeder, 1 mark, Merino wether lambs. Small tail (2%) has been taken out. Lambs are well grown and in good condition. 30 lambs mouthed - all very good milk teeth (see photos). Wool is very clean and showing good style and character. Lambs are being supplementary fed in the paddock and are accustomed to lamb feeders. Classed flock and lambs are bred from large frame Merino ewes. Would normally be sold off oats to lamb markets. Majority of lambs would suit heavy lamb market with good feed. Lambs come highly recommended.
